STUDENT WORKSHEET

Name: _____ Class: _____

How did people build the pyramids?

Listen to the whole episode. Then answer in your own words.

1 **Why were stones transported by boat along the Nile?**

2 **How did wetting the sand make a stone easier to pull?**

3 **Who was needed besides the people pulling stones?**

4 **Plan a stone’s journey**

Draw three stages: cutting, transporting and raising the stone. Add a tool or worker to each stage.
