STUDENT WORKSHEET

Name: _____ Class: _____

Could you survive life as a salmon?

Listen to the whole episode. Then answer in your own words.

1 **Where does a newly hatched salmon get its first food?**

2 **How does its body change before it enters the sea?**

3 **How does a returning salmon recognise its home waters?**

4 **Draw a salmon's life cycle**

Show an egg, young fish, ocean-growing salmon and returning spawning adult. Add two dangers at different stages.
