ONE BIG QUESTION

STUDENT WORKSHEET

Name: _____ Class: _____

Why can't you tickle yourself?

Listen to the whole episode. Then answer in your own words.

1 **Why does your own touch usually tickle less than someone else's?**

2 **Why can an almost empty milk carton leap upwards when lifted?**

3 **Why can a stopped escalator feel odd even when you see it is still?**

4 **Show a prediction and a surprise**

Draw or describe an object that is lighter or heavier than expected. Show the expectation, first movement and correction.
